RESPONSE TO RESTRICTION REQUIREMENT

This is in response to the Office Action dated November 1, 2006, in which the Examiner has required restriction between Group I (claims 69 and 71), Group II (claim 70), Group III (claims 72 and 73), and Group IV (claims 74 and 75). Applicants hereby elect without traverse to prosecute the claims of Group I (claims 69 and 71) and expressly reserve the right to file divisional applications or take such other appropriate measures deemed necessary to protect the inventions in the remaining claims.

The Examiner has acknowledged that the present Action requires restriction between product and process claims. In accordance with MPEP 821.04, upon allowance of the elected product claims of Group I, withdrawn process claims that depend from or otherwise require all of the limitations of the allowable product claim(s) should be rejoined and examined for patentability. Upon rejoinder of the previously nonelected process claims, the restriction requirement between the elected product claims of Group I and the rejoined process claims of Group II should be withdrawn.

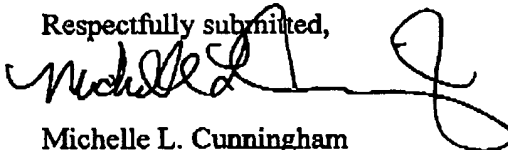

Should the Examiner have further questions or comments with respect to examination of this case, it is respectfully requested that the Examiner telephone the undersigned so that further examination of this application can be expedited.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those, which may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required
